

NETVU JOYSTICK KEYBOARD

Designed, manufactured and supported in the United Kingdom, with software written entirely to Western Standards, the NetVu Uniplex range of recorders provides the best solution for every application. The NetVu Joystick keyboard works with the full range of Uniplex recorders and provides a rugged and long-lasting alternative means of camera control.

WHY UNIPLEX?

- ✓ Compliance with the latest Secure by Design guidelines, offering complete immunity from cyber threats.
- ✓ Connect NetVu cameras over Co-axial or Ethernet cables, offering a lower cost to upgrade legacy analogue video surveillance systems to high-definition IP.
- ✓ Automatic discovery and channel allocation of NetVu cameras and peripheral devices with automatic firewall and VLAN configuration for better cyber security.
- ✓ Simple configuration and maintenance with the option of Cloud-based support and configuration, further reducing installation and configuration costs.
- ✓ MultiMode™ recording with NetVu cameras reduces storage needs while maintaining very high recording quality, offering initial savings on storage costs and extended Hard Disk Drive life.
- ✓ Simple data capture, recording and presentation from EPOS, Electronic Access Control and Building Management Systems.

KEY FEATURES

- Ergonomically designed joystick for effortless precise control of the selected camera.
- Includes all the necessary control functions for monitoring a video surveillance system and controlling Pan-Tilt-Zoom (PTZ) cameras, establishing audio connections, camera switching etc.
- Supports 360° cameras, with dedicated keys for auto-pan and Patrol functions.
- Dedicated shortcut keys to summon all the most used functions.
- Dedicated colour-coded keys that correspond with the colour-coded soft keys shown on screen by the Uniplex recorder
- Status indicating LED adjacent to each key for visual confirmation, in addition to excellent tactile response.
- "Panic button" for Operator safety.
- Simple USB connection.

Technical Specifications	
Supported Functions	Colour Coded Soft Keys Live/Playback Switch Panic Button Fast forwards/reverse/play/pause in playback mode Events GOTO function Main/spot monitor control Camera selection (numeric keypad) Wash/wipe/IR lamp activation Iris control, zoom control, focus control Pre-set position selection Pan and tilt control
Connections	RJ12 USB socket, 12V dc power socket

General Specification & Warranty	
Local Display	Light emitting diodes
Power	12V DC 15W External PSU, 100 to 240V AC Input.
Operating Temperature	5°C to 45°C (41°F to 113°F).
Operating Humidity	10% to 85% (Non-condensing).
Approvals	UKCA and CE marked. Complies with part 15 of FCC CFR47. RoHS Compliant.
Product Dimensions	180mm x 367mm x 110mm (7" x 14½" x 4¾").
Product Weight	1.9kg (4lb, 3oz.) excluding PSU.
Warranty	1 year, plus additional 1 year (registration required)
